

Monthly Operations

The monthly step-back for strategy, finance and the RRUP relationship.

Pack 11 — Operations Manual

Prepared by Waqas Mian · **Prepared for** Chief Executive Officer, RRUP sp. z o.o.
(SalesOps CRM)

Date July 2026 · **CONFIDENTIAL — PARTNER REVIEW**

Document	Monthly Operations
Purpose	Define the monthly rhythm for financials, strategy and partner management.
Status	Build-now · Method
Prepared by	Waqas Mian · for CEO, RRUP sp. z o.o. / SalesOps CRM
Version / Date	v2.0 · July 2026 · Reading time ~3 min

BOTTOM LINE UP FRONT

Monthly, zoom out: reconcile actuals against the financial model, update the Assumptions Register with real data, review progress against the growth-phase gates, and keep the RRUP relationship actively managed. This is where the plan gets corrected, not just executed.

Monthly agenda

Item	Action
Financial actuals	Compare to Pack 16; update Assumptions Register with real conversion/CAC/churn
Growth-gate check	Are we meeting the Phase-1 triggers? (Pack 05)
Risk review	Update the risk register (Pack 19) with what's changed
RRUP check-in	Product, support, localisation, any open terms (Pack 14)
Reference building	Secured a new UK case study this month? (Pack 07/09)

FEED REAL DATA BACK INTO THE MODEL

The single highest-value monthly task is replacing an Assumptions-Register estimate with a real number. Each month the financial model gets more real and the plan gets sharper — the model is a living instrument, not a one-time forecast.

Implication

The monthly rhythm is what turns the illustrative financial model (Pack 16) into a validated one over time, and keeps the RRUP partnership healthy — the two things most likely to make or break the venture.
