Document	Hiring Roadmap
Purpose	Sequence hiring against traction so cost follows revenue.

BOTTOM LINE UP FRONT

Hire in trigger order, not calendar order: **first the role that most constrains growth** (usually the Implementation lead or SDR), only once the founder is at capacity and revenue supports it. No hire is made on hope; each is earned by proof.

Roadmap (trigger-gated ⚠)

Order	Hire	Trigger
1	Implementation lead OR SDR	Founder can't cover onboarding AND outreach; ~3+ trials in flight or pipeline demands more outreach
2	The other of the two	First hire freed founder but the other function now constrains
3	Vertical AE (if founder was closing)	Deal volume exceeds founder's close capacity
4+	Regional expansion team	Positive unit economics; Tier-2/3 push (Pack 06)

WHICH ROLE FIRST?

Usually the **Implementation lead** — because trial → paid conversion (Pack 16's top lever) suffers most when the founder is too stretched to onboard well, and a lost trial is a lost customer. But if the constraint is clearly top-of-funnel volume, the SDR comes first. Let the bottleneck (Pack 11 weekly review) decide.

Implication

This roadmap keeps the cost base matched to traction (Pack 16) and is exactly the discipline a Start Up Loan mentor (Pack 17) and the CEO will want to see.
