BOTTOM LINE UP FRONT

Five actions, in order: **send the CEO questions, engage a solicitor, start the Start Up Loan, set up the CRM + target list, begin outreach.** The first three close the gates; the last two start the engine — and they run in parallel.

The prioritised actions

#	Action	Why first	Pack
1	Send the ten CEO questions; book the reset call	Closes the two gates + Polsat	22
2	Engage a UK solicitor with the brief	Deal + compliance can't wait	14
3	Start the UK Start Up Loan application	Fast, non-dilutive, mentored	17
4	Set up your CRM instance + build the target list	Start the engine	10, 06
5	Begin outreach sequences	Pipeline doesn't wait for paperwork	08

THE PARALLEL PRINCIPLE

Actions 1–3 (gates) and 4–5 (engine) run **at the same time**. You don't need a signed deal to build a target list and start conversations. By the time the terms are agreed, you want pipeline already moving — that's the fastest route to the first UK reference (the Day-90 prize, Pack 21).

Implication

This is the whole package reduced to what to do this week. Everything else supports these five moves.
